

YOUR OWN PATH TO WORK

Support towards working life!

DESCRIPTION

This coaching program is designed for you if you're looking for more comprehensive support in your career path and employment. You will have a personal coach who will help you identify and articulate your strengths, map out job opportunities that match your skills, work ability, and goals, and explore employment-supporting options. The coaching lasts from 1 to 6 months, with the exact content and duration tailored individually.

WE HELP YOU:

- Recognize and leverage your strengths in work and daily functioning
- Articulate and market your professional skills
- Set suitable career goals and create a plan
- Find the right job and study opportunities
- Strengthen your job search skills
- Build professional connections and access support
- Explore job opportunities and connect with employers
- Succeed in job interviews
- Start a new job or studies successfully

WE OFFER YOU:

- Personal guidance and career support
- Insights into career options and the job market
- Help with job applications and job search
- Job interview tips
- Information on support services and employment opportunities
