### SERVICE DESCRIPTION

The goal of the service is to support you in carrying out your employment plan and moving closer to work or working life. Coaching helps you strengthen everyday life skills, improve life management, and build positive, practical ways of moving forward.

### DURATION AND IMPLEMENTATION

The service lasts six months. Coaching is mainly provided through face-to-face meetings within the Mikkeli region employment area (Mikkeli, Hirvensalmi, Juva, Kangasniemi, Puumala, and Mäntyharju). The coaching is tailored to your individual situation and can be combined with other services that support you. If Finnish is not your native language, the service can be provided in plain Finnish or in English.

### WHAT DO YOU GET FROM THE SERVICE?

Together with your coach, you will set clear and realistic goals that support your daily life and job search. Your coach will support you in working towards these goals, give feedback, and help you find practical ways to move forward at your own pace. You will also receive hands-on help in using the Job Market Finland online services.

### WHO IS THE SERVICE FOR?

The service is intended for working-age job seekers in the Mikkeli region employment area. You may be facing challenges in different areas of your life, or you could benefit from strengthening your executive functioning skills.

To access the service, it is enough that you and your employment specialist have together assessed that you would benefit from this service and that you are motivated to work towards your goals. Participation in the coaching requires that you do not currently have an acute need for other services, such as healthcare.
