JOB SEARCH COACHING, SATAKUNTA

Support for active job seeking and employment for immigrants

Does job searching feel difficult in Finland? Are you sending applications but not receiving any responses? Do you need support with your CV and applications or with finding hidden job opportunities? Job Search Coaching is for you – apply now!

DESCRIPTION

Job Search Coaching is a practical, goal-oriented coaching programme that helps you define clear next steps and strengthen your job search skills.

You will receive support, feedback, and hands-on guidance to make your job search more active and structured to fit your individual situation.

WHO IS IT FOR?

The coaching is intended for jobseekers with an immigrant background in the Satakunta employment area. It is suitable if you know what kind of job you are looking for but need more structure or a new approach. It is especially useful if you have recently become unemployed, your job search has not progressed as expected, or you want to update your job search skills.

CONTENT

- activating your job search and strengthening motivation
- identifying and marketing your skills
- setting realistic job search goals
- job search documents (CV and applications)
- different job search channels and hidden job opportunities
- using digital services and the Job Market Finland platform
- up-to-date overview of the labour market situation in Satakunta and across Finland
