Expert assessment and service guidance

Are you a foreign language te-office customer who has migrated to Finland?
Do you live in Riihimäki, Forssa or Heinola?
Are you in need of more time and personal guidance concerning job searching, or services which support your own life situation?

Together, we can discover the best way for you to move forward! You will be assisted by an experienced integration, language skill assessor, working life coach, employment and education specialist. We use plain language, and when needed an interpreter or native language coach.

We will contact you within two weeks of your own te-office signing you up for our services. We will contact you regularly, both face to face, and online (e.g. using WhatsApp, Skype, Zoom, Google Meet).

Anna-Leena Atkinson

Integration and career counselling specialist, personal coach
